

Have you applied for asylum in the UK?
Are you in contact with people who have?

You are invited to contribute to Asylum Aid's

Asylum Rights Watch

We'd like to hear your experiences of the treatment of asylum seekers in the UK. You can share your experiences with us - anonymously if preferred - by completing a short online survey that can be accessed through our website.

The information you provide will contribute to our lobbying, research and campaigns work. We will produce regular updates on the information we receive on our website.

To access the questionnaire, visit our home page

www.asylumaid.org.uk

and click on the link to ASYLUM RIGHTS WATCH

By sharing your experiences, you will be helping us to document how the recent asylum policy and legislation affects asylum seekers' experiences, and to identify examples of good practice.
